

CALL FOR PAPERS

The 2018 International Workshop on Advanced Information Communication and Applications (AICA 2018)

In conjunction with

The 7th International Conference on Frontier Computing (FC 2018)

- Theory, Technologies and Applications

<http://fc2018.expectfactory.com>

July 3-6, 2018, Kuala Lumpur, Malaysia

The Workshop on Advanced Information Communication and Applications (AICA 2018) will provide a unified communication platform for researchers in a wide area of topics from information technology, innovation design, computer sciences, creative design, applied mathematics, computer science, design theory, creative research, electrical and electronic engineering, computational biology, and other related fields. Professionals from industry, academia and government are encouraged to discourse on research and development, professional practice, business and management in the information, innovation, communication and engineering fields are welcome to participate in the Workshop AICA 2018. This Workshop enables interdisciplinary collaboration between science and engineering technologists in the academic and industrial fields as well as networking internationally. During the workshop, there will be substantial time for presentation and discussion. Attendees will find various activities useful in bringing together a diverse group of engineers and technologists from across disciplines for the generation of new ideas, collaboration potential and business opportunities. The scope of the workshop includes (but is not limited to):

- Computer Science and Information Technology
- Information Communication Technology
- Social Media and Society
- Multimedia Tools and Applications
- Cloud Computing and Internet of Things
- Speech and Audio Processing
- Image and Video Processing
- Spatial Databases
- Wireless and Mobile Computing
- Ubiquitous Computing
- Artificial intelligence, Big Data, and Data Mining
- Computational Biology

Paper Submission and Publication

All accepted papers will be included in the conference proceedings as one of Lecture Notes in Electrical Engineering (LNEE) series published by Springer (indexed by EI and SCOPUS). In addition, FC 2018 features a special publication model for authors to extend their conference works to high quality journals and books after the conference. Submitted papers will be carefully evaluated based on originality, significance, technical soundness, presentation and clarity of exposition. Selected high quality and presented papers, with 30-40% extension and revision, will be recommended to one of the top-rank journals. More details can be found on the conference website.

Submission

<https://easychair.org/conferences/?conf=fc2018>

Authors should email their Paper ID to:

Dr. Shih-Nung Chen, Asia University, Taiwan

E-mail: nung@asia.edu.tw

Important Dates

March 15, 2018: Date for full paper submission

April 15, 2018: Notification of acceptance

May 15, 2018: Camera-ready submission due

May 15, 2018: Early-bird registration due
